## Company praised for finished product

LEDONNE Constructions Pty Ltd has been laying sewerage pipes between Evans Head and Woodburn and I would like to give them a compliment on the work they are doing.

Laying pipes is only part of their job.

It is what they do after – the forming of gutters to ensure a good run-off, levelling off the ground, then seeding new grass to make the finished product even better than what it was previously; also the construction of new driveways.

Thank you for a good job done. Other companies should take a leaf out of your book.

I am a more-than-satisfied home owner.

**KEVIN WHARTON,**  
Evans Head.
